The image shows a smartphone displaying a mobile application. The top status bar indicates signal strength, time (23:23), and battery level (100%). The app's header features a camera icon and the text "picture me". Below the header, there are five sections, each labeled "Question 1", "Question 2", "Question 3", "Question 4", and "Question 5". Each section has a grey rectangular area followed by a red horizontal line. To the right of each section is a dark grey button with the word "choose" in white. At the bottom of the screen, a large grey box contains the instruction: "Please choose images from your facebook photo albums in response to the questions." A small "next" button is located at the bottom center of this box.

The image shows a smartphone displaying a mobile application. The top status bar indicates signal strength, time (23:23), and battery level (100%). The app's header features a circular logo with a stylized 'P' and the text "picture me". Below the header, there is a list of five questions, each with a "choose" button to its right. The questions are: Question 6, Question 7, Question 8, Question 9, and Question 10. Each question has a light gray rectangular area above it and a red horizontal line below it. To the right of each question is a dark gray rectangular button containing the word "choose". At the bottom of the screen, a large dark gray callout box contains the text: "Please choose images from your facebook photo albums in response to the 5 questions." Below this text is a small white button labeled "next".
